QuietWear
Pouch Material

Several times I have been asked why I have a plastic bag under my shirt due to the noise.*

Fed up with sounding like you have a **crisp bag** under your clothes?

Embarrassed that people can hear your **ostomy pouch**?

Request your sample by calling **0800 521 377** or visit www.quietwear.co.uk

"I have just climbed to the top of a mountain without a care in the world!"

Why is an **OakMed** Microskin the best wafer available?

Because a Microskin Wafer is the lightest, thinnest, most flexible wafer around, you will forget you are even wearing it.

One and two piece drainable and closed bags and one piece urostomy bags available.
